

The IPAD ArcGIS Toolbox

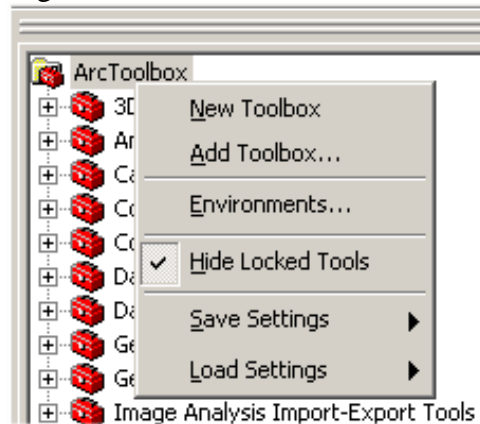

Instructions for Installation

The following steps will walk you through the installation of the IPAD ArcGIS Toolbox. All the necessary files for installing this toolbox for ArcGIS are included in the ZIP file that these instructions came from.

1. Download the IPAD_Tool_Share.zip file from the IPAD's Web page.
2. Unzip the contents to a location of your choosing.

3. Open the ArcGIS ArcCatalog application and activate the ArcToolbox environment (or ArcToolbox if you choose).
4. Right click on the 'ArcToolbox' root and choose 'Add Toolbox...'.

5. A new 'USDA-FAS-OGA-IPAD Tools' toolbox will be added to your ArcToolbox selections.
6. Expand the 'Imagery' toolset and double click the 'MODIS Imagery Import Tool' object.
